TRAINING SAMPLES

Introduction to Debating

This session covers speaker roles, scoring, adjudication criteria, definitions and basic case preparation. Students will apply the theory that they have learnt by participating in skills building activities throughout the session.

Rebuttal Workshops

This session aims to educate students in effective rebuttal which targets the opposition's primary arguments and identifies their flaws. Students will also be taught to identify key themes in the debate, and how to use these to structure their rebuttal and highlight their own team's strengths.

Public Speaking

This session looks at different styles of presentation, considering pace, volume, pitch and expression. It also explores different structures for speeches and tips for impromptu speaking.

Secret Topic Preparation

This session incorporates elements from the "topic preparation" session, but is targeted more specifically at preparing in limited time. Students will learn and practice processes for preparing to deadlines as well as techniques for brainstorming more widely.

Staff Training

The DAV runs a Teacher Inservice at the beginning of each year to help coordinators and coaches learn more about debating and develop skills to pass this information on to their students. This training will be held on Wednesday 21th February at the Stamford Plaza Hotel.

British Parliamentary Debating

This session teaches the basics of British Parliamentary style debating, including format and speaker roles. These sessions can also include a practice debate.

Topic Preparation

This session looks at how to best prepare cases for different kinds of topics, from normative to empirical. It also explains the difference between 'hard' and 'soft' case lines, and the use of models.
